

ENVIRONMENTAL POLICY

Mitchell Cotts Freight Kenya Limited is committed towards contributing to the well being of the society and protecting the environment as part of our business policy and corporate responsibility.

We shall endeavour to protect the quality of the environment and continually improve our environmental performance through:

- Complying with the applicable environmental national laws and regulations, and international standards.
- Adopting environmentally friendly strategies in all our business practices and operations.
- Developing of strategies for effective conservation of energy and natural resources.
- Minimizing the generation of waste and disposing of unavoidable waste in a responsible manner
- Training our employees in environmental responsibilities and educating them on environmental matters.

This policy will be communicated to our employees and appropriately to the concerned public.
